POP Declaration

Steel products voestalpine Stahl GmbH

Dear valued customer,

Thank you for your interest in the products of voestalpine.
We are pleased to provide you strong environmental arguments with our sustainable steel products.

Referring to your current inquiry, we would like to provide the requested information as follows:
Our steel products delivered to you in 2024 are in compliance with Regulation (EU) 2019/1021 (on persistent organic pollutants) and Stockholm Convention.

We hope to have answered your questions.
If you need further information, please do not hesitate to contact us.

Sincerely,
voestalpine Stahl GmbH
