### Recycled Content

Steel products voestalpine Stahl GmbH

Dear valued customer,

Thank you for your interest in the products of voestalpine.  
We are pleased to provide you strong environmental arguments with our sustainable steel products.

Referring to your current inquiry, we would like to provide the requested information as follows:

**The recycled content in our products in 2022 was 26.8 % of which 99.1 % was pre-consumer recycled content and 0.9 % was post-consumer recycled content.**

We hope to have answered your questions.  
If you need further information, please do not hesitate to contact us.

Sincerely,  
voestalpine Stahl GmbH
